

DiscoverSeries

CSPS Digital Academy

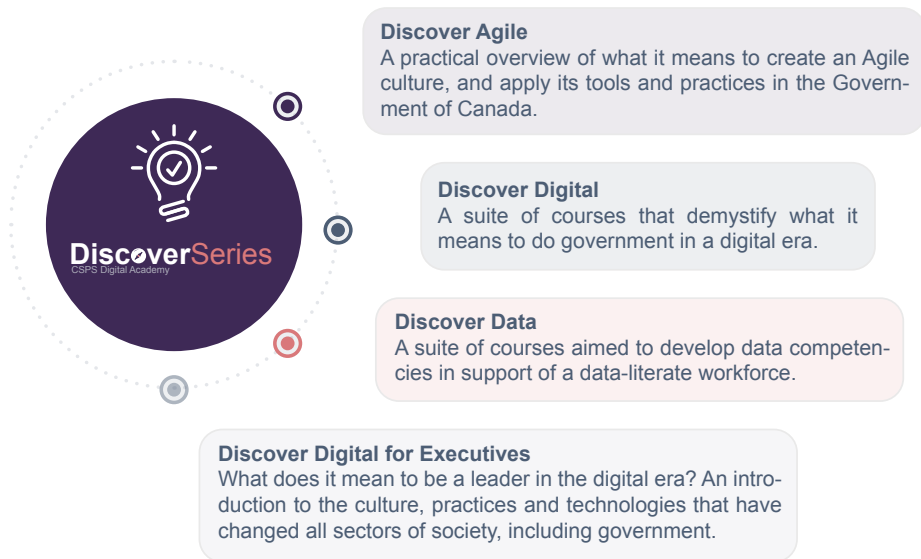

What is the Discover Series?

The Discover Series is a suite of foundational courses designed to help public servants navigate and learn about digital topics, providing a solid introduction to new knowledge, skills and mindsets public servants need to succeed in the 21st century.

From Spring to Fall 2020, the CSPS Digital Academy is:

1. Designing and delivering foundational virtual courses
2. Testing new learning design and delivery approaches and partnerships
3. Building our digital learning community platform

Currently in Development

Other virtual offerings on artificial intelligence, cyber security, and cloud computing are also coming soon!
